Placement Policy

As a public school, there is a place for any child living in our school zone. In the event of capacity concerns, here is how we manage our enrolment places:

1. Students with a sibling at the same permanent address who are attending the school at the same time.
2. Where the Regional Director has restricted the enrolment, students who reside nearest the school.
3. Students seeking enrolment on specific curriculum grounds.
4. All other students in order of closeness of their home to the school.
5. In exceptional circumstances, on compassionate grounds. (This is an overarching consideration and does not form part of the priority order of placement. Schools are permitted to assess and make a determination for exceptional circumstances applications on a case-by-case basis.
